

WHO WE ARE

Formed in 1975, Medical Group Management Association of Missouri is a non-profit association whose membership is comprised of individuals interested in the administrative aspect of the medical group practice. We are the Missouri resource for practice leaders and their organizations. Our membership is diverse – from the small, solo physician office to the large multi-specialty clinics, IPAs and health systems groups across the state.

OUR MISSION

Our mission is to develop and equip our members to create dynamic, successful medical group practices that meet the needs of today's patients through education, building relationships, advocating, and providing tools that focus on the delivery of excellence in patient care.

WHY Missouri MGMA?

You are in one of the fastest growing and most rewarding careers in health care. The role of a medical practice professional is demanding – and always evolving. It requires mastering a broad knowledge base and a deep skill set unique to the group practice environment. The healthcare industry continues to be one of the healthiest growth segments in our economy, and the growth in healthcare consumption is only projected to continue. In the midst of this growth, the industry is trying to identify how best to cope with rapidly changing rules, increasing costs and decreasing efficiencies. Healthcare systems and practice managers and executives are looking for a full range of solutions and Missouri MGMA provides you with the opportunities you need in making your practice more successful.
