1	We have on-line appointment requests but not self-scheduling.	1/27/2023 1:28 PM
2	Some specialties are difficult to self schedule due to may need certain pre-testing.	1/27/2023 1:08 PM
3	As a specialty practice on line scheduling would be impossible because our patients are booked per specific reason they are seeing the doctor. Anything from 1 hour to 10 minutes so it's not viable for on line scheduling. Thanks	1/27/2023 11:54 AM
