FRIDAY FOCUS 05/15/20

#	COMMENTS	DATE
1	They can have a telemedicine visit with their family member if needed.	5/15/2020 12:48 PM
2	We would make an exception for an elderly or disabled patient. However we are trying not to have those at-risk patients come into the office unless absolutely necessary.	5/15/2020 11:58 AM
3	exception is only for minor children who can bring an adult	5/15/2020 11:13 AM
4	During COVID-19, no, unless they are a child. A child can be accompanied by 1 parent. Anything outside of COVID-19, yes.	5/15/2020 11:11 AM
5	Yes we are pediatrics so they have to have at least one person with them.	5/15/2020 9:56 AM
6	Only one to ultrasound scan, all other appointments, no guests.	5/15/2020 9:25 AM
7	exceptions for disabled and minors needing parent	5/15/2020 9:23 AM
8	But they must all be wearing masks	5/15/2020 9:16 AM
9	Only "guest" is a parent's child, unless an adult needs a guardian. No extra parents or siblings allowed.	5/15/2020 9:12 AM
10	yes, if they need assistance	5/15/2020 9:03 AM
11	We only grant an exception for patients with demetia or hearing problems.	5/15/2020 8:37 AM
12	most need assistance	5/15/2020 8:35 AM
13	unless they are a minor	5/15/2020 8:34 AM
14	Have had to make three exceptions-OB patient who was a minor; patient in midst of miscarriage (husband was waiting in car) & a disabled pt needing to have her aid with her.	5/15/2020 8:28 AM
15	Visitor must be a care giver	5/15/2020 8:26 AM
16	The guest must bring and wear their own mask.	5/15/2020 8:09 AM
17	We are not letting patients into the building yet. When we do start, the plan is for pediatrics. 1 child and 1 adult.	5/15/2020 7:57 AM
